TIMEKEEPING ROSTER

The **2019 Miami Super Challenge Meet** is a qualifying meet, sanctioned by SQ, utilizing semi-automatic timing equipment. To ensure each time recorded meets the requirements of SQ, three timekeepers are required for each lane. Please refer to the roster below for allocation of timekeeping duties during the morning session. In addition, timekeeping assistance will be required for the evening session. **If you are a friend/parent of a swimmer competing in the evening session, please consider offering your assistance with timekeeping. Timekeepers assisting throughout the meet will be provided with refreshments.**

TIMEKEEPING ROSTER – Heat Session

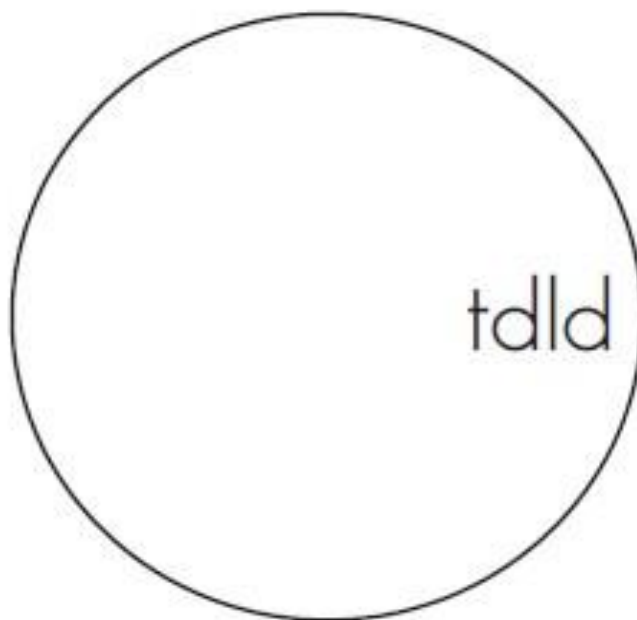

The timekeeping roster is based on the number of athletes and individual entries nominated by all participating clubs. Please be mindful that Miami parents have also been allocated tasks in officiating, recording, food preparation, serving and the many others tasks involved in running a meet. We encourage parents of the clubs who are only represented by a couple of swimmers to assist with timekeeping when necessary to ensure minimal delays.

2019 Miami Super Challenge Meet - Estimated Timeline

Attached is the Miami Super Challenge Meet **estimated** timeline to help you to plan your race day. Please note that the timeline was generated automatically by Meet Manager using the entry times sent us, with generous interval time in between heats. This time line does not take into account time that may be saved on the day by combining heats where we can. Please consider the possibility of swimmers who are a no-show, combined heats and shorter interval times. May we suggest that if you are planning on arriving/returning during the course of the day it may be advisable to phone other members of your club during the day to see how the meet is progressing in relation to the anticipated timeline.

Please note that this timeline is provided for convenience only and must not in any circumstances be relied upon as being accurate or correct. Miami Swimming Club makes no representations or promises on the accuracy of the timeline and cannot be held in any way responsible if a swimmer misses his or her race if their event takes place at a different time to that shown on the timeline.
